55 inch query machine

Product characteristics

Aluminum edging, anodizing, wire drawing process

Hardware backboard, stable structure, active heat dissipation, powder coating process

7H physical fully tempered glass, impact resistant, scratch resistant

Main parameters

Product size:(L) 1237.6* (W) 708.4* (T) 61.8mm (Including hanger thickness: 69.8mm)

Package size: (L) 1360* (W) 860* (T) 150mm

Product weight: Net weight 20.5kg/gross weight 25.5kg

Whole machine power: 122W

Standby power: $\leq 0.5W$

Speaker: 8Ω / 5W*2

Input voltage: AC 100-240V , 50/60 Hz

Display parameters

LCD Size: 55"

Backlight: D-LED (OD12)

Display area: 1209.6 (H) * 680.4 (V)

Resolution: 1920*1080

Refresh frequency: 60Hz

Brightness : 500~1500cd/m²

Contrast ratio: $\geq 1200:1$ (Typ.)

Backlight lifespan: > 50000 hours

Systems parameter

Master Chip: RK3566/3568/3588

CPU: Cortex-A55*4 1.8Ghz/2.0Ghz/A76+A55*8 2.4Ghz

Number of CPU cores: 4/8 cores (Quad Core)

GPU: Arm Mali-A17/A55 2EE/A76+A55*8

MB RAM: 2G/4G/8G

Memory: 32G/64G/128G

System version: Android11.0/12.0

Motherboard ports: USB*2, TF*1, PHONE-OUT*1, RJ45*1, HDMI*1, DC*1

Operation temperature: -20~+50 °C

Working humidity: 10%RH~90%RH

Touch parameters

Touch Technology: infrared touch or capacitive touch

Touch embedding method: built in integrated design

Shenzhen Bansion Technology Co., Ltd.

Add: 8th FL, DongfangTiande Building, 74 Yixiu Xincun, Minzhi Street, Longhua, Shenzhen, Guangdong, China

Writing style: Fingers, touch pens, or other non transparent objects larger than 1.5mm

Touch point: 20 touch

Touch accuracy: $\pm 1.5\text{mm}$

Single finger response speed: $\geq 8\text{ms}$

Driver: automatic system recognition, no drive required

Supportive systems: windows7/10, 11, Android, Mac OS

Touch functions: available upon request

Packing list

Standard accessory: 1 power cord, 1 wall mount, 1 remote control, K-type stand
